A black and white photograph of a modern university interior. The space is bright and open, with a high ceiling featuring large, circular, recessed lighting fixtures. The floor is light-colored, and there are white walls and pillars. In the foreground, there is a white desk with a computer monitor. The background shows a long hallway with glass partitions and more people in the distance.

# Master's programmes in Economics, Political Economy and Social and Economic Data Analysis

Alexandra Morris, University of Konstanz

Konstanz, 28/02/2017

## Konstanz – in the heart of Europe

# **„Understanding, modelling and evaluating real world economic issues.“**

**M.Sc. Economics**

# Master of Science in Economics

## Our offers

- 3 study tracks: Generalise, specialise, or kick off your PhD
- 5 subject areas: Specialise in the area you're most interested in
- 2 double degree options: Graduate with two degrees

- 
- Language of tuition: English
  - Duration: 4 Semesters
  - Application deadline: 15<sup>th</sup> April

# Subject areas

## **Econometrics and Applied Economics**

Analyse and understand complex economic issues using real world data.

## **International Financial Economics**

Examine key issues in international financial economics, with a focus on theoretical, institutional, policy and empirical aspects.

## **Macroeconomics and International Economics**

Get a comprehensive overview of macroeconomic modelling and its quantitative applications.

# Subject areas

## **Microeconomics and Decision Making**

Study economic behavior deriving from individual behavior and understand real world phenomena, such as bubbles in financial markets or involuntary unemployment.

## **Public Economics**

Deal with advanced economic analyses of public sector activities.

# Graduate with a double degree

## Double your expertise and sharpen your (international) profile

Study one year at one of our partner universities in Great Britain or Italy and one year in Konstanz, and graduate with two degrees!

### Our partner universities

- University of Nottingham, UK
- University of Rome Tor Vergata, Italy  
(Scholarships covering british tuition fees available for excellent students)

# Admission requirements

- Bachelor's degree in economics or a subject providing a sufficient quantitative background, e.g. business administration, mathematics, the natural sciences, etc. Students in the final year of their Bachelor's degree, who have not yet graduated, are welcome to apply.
- Evidence of knowledge acquired at Bachelor's level in mathematics, statistics or economics
- Evidence of a sufficient command of English
- Motivation letter
- Two letters of recommendation from university teachers
- Results of the GRE test (Graduate Record Examinations).

# How to apply

## Application deadline: April 15th

1. Find detailed information on our website  
[www.wiwi.uni-konstanz.de/en/study/master-of-science/economics/how-to-apply/](http://www.wiwi.uni-konstanz.de/en/study/master-of-science/economics/how-to-apply/)
2. Contact us if you have any questions.
3. Collect and scan all necessary documents.  
A checklist is available on our website.
4. Apply through our online application system  
(scanned application documents are sufficient).

# Why study with us?

- All classes taught entirely in English
- Big variety of classes for high quality education
- Study with top-notch, international guest researchers
- Small classes allow for close interaction with your lecturers
- Visit lectures at our partner Universities close-by, e.g. at the University of Zurich

# Why study with us?

- Excellent opportunities to start your PhD (fast track) or graduate with a double degree
- Great career opportunities
- Be part in an international and open environment in the heart of Europe
- Enjoy our beautiful countryside: Enjoy swimming or sailing on the Lake Constance, go hiking or skiing in the nearby Black Forest or the Swiss Alps.

**„Postgraduate  
education allowing  
you to conduct  
research in the  
fascinating field of  
political economy.“**

**M.Sc. Political Economy**

# M.Sc. Political Economy

An interdisciplinary programme of the Dept. of Economics and the Dept. of Politics and Public Administration

The programme offers training in quantitative theoretical and empirical methods. You can then apply these methods in policy fields like:

- social policy
- public finance
- education policy
- trade policy
- security affairs

# M.Sc. Political Economy

Duration	4 semesters
Language of tuition	English
Study tracks	A: Fast track to a PhD B: Generalisation
Application deadline:	April 30 <sup>th</sup>

**„Knowledge and skills  
to collect, manage and  
analyse data on  
human action and  
interaction - for future  
experts in Big Data“**

**M.Sc. Social and Economic Data Analysis**

# M.Sc. Social and Economic Data Analysis

An interdisciplinary programme bridging social sciences and computer science

Graduates will be highly employable as data analysts e.g.:

- in academia
- in polling firms
- in market research institutes
- in online marketing
- as political advisor
- as social policy consultant

# M.Sc. Social and Economic Data Analysis

Duration	4 semesters
Language of tuition	primarily English
Study tracks	A: Fast track to a PhD B: Generalisation
Application deadline:	April 30 <sup>th</sup>

# Any questions?

**We're happy to answer all your questions on the contents and application process of the three Master's programmes.**
